

BALTIC ASSEMBLY

STATEMENT

Concerning the Removal of Nuclear Weapons from the Baltic Sea Region

The Baltic Assembly, in continuation and reiteration of the 16th March 1992 Statement of the Council of the Baltic States, calls once again "for the removal of nuclear weapons from the Baltic Sea region and for the declaration of this region as a nuclear-free zone".

The Baltic Assembly is of the opinion that this initiative should encourage NATO and the military union of the CIS to discuss and assume appropriate mutually-binding obligations — not to maintain nor temporarily bring any nuclear weapon into the Baltic Sea region.
