RESOLUTION

ON HARMONIZATION OF TRADE REGULATIONS ON AGRICULTURAL AND FISHERIES PRODUCTS IN THE BALTIC STATES

The different systems related to customs and the protection of the internal market in the Baltic States impede the implementation of the Baltic States Free Trade Agreement particularly in regard to agricultural and fisheries products, encumber customs and border control between the Baltic States, and encourage smuggling.

The Baltic Assembly recommends that the Baltic Council of Ministers review and resolve this problem and, in compliance with the Baltic Free Trade Agreement, agree about trade regulations on agricultural and fisheries products.
