

Members of the Baltic Assembly to participate in the Plenary Session of the Benelux Parliament

On 18 June 2021, the Plenary Session of the Benelux Parliament is going to be held. During the Session wide variety of topics are going to be covered, including Green Deal, energy market, hydrogen energy, climate awareness on the road and just green transition. Members of the Baltic Assembly will join the Session digitally. President of the Baltic Assembly **Andrius Kupčinskas** is going to address the parliamentarians talking about the Baltic experience regarding integrated, interconnected and properly functioning energy market, and Vice President **Jānis Vucāns** is going to elaborate on the topic “A feasible and affordable climate plan for all”.
